

ADRIANNA HOLLINS

Graphic Designer/Illustrator

SUMMARY

I am a passionate Graphic Designer and Illustrator who has specifically used and been taught Adobe Creative Suite. Through my education, I have explored the process of producing a variety of different products, from learning how to create packaging in Adobe Illustrator to producing an animation in Adobe Animate.

The Adobe software that I have the most experience with is Photoshop and Illustrator, as these programs work well with my drawing skills.

As I recently finished college, I have a lot to offer through my passion to create. I'm able to give insight on the recent trends for graphic designs as well as my skills in traditional and digital art for illustrations.

EXPERIENCE

2021 | Graphic Design Virtual Work Experience

I signed up for a one-month virtual program on learning about Graphic Design. The skills I learned during this work experience are:

- A sound understanding of the inner workings and concepts related to Graphic Design and the ability to identify the skills needed to pursue a career in this sector.
- The ability to successfully apply knowledge gained by completing quizzes, interactive exercises and activities.
- A better understanding of the career pathways within Graphic Design.
- Knowledge of key employability and transferable skills, as well as a sound awareness of employer expectations.

ACHIEVEMENTS

- Competed in a Creative Jam using Adobe XD
- Worked in the Student Council for 2 years
- Was invited and attended a UK Youth Parliament meeting
